ITEM 2 / SAME-DAY MATCH

OFFICE SYNTHETIC

Your decision: Not reviewed

Currency: CNY / Account: SYNTHETIC-CN / Source: synthetic-recurring-three-months

WHY IT APPEARED

2 charges share a normalized merchant, date (2026-03-15) and amount (10 CNY) within the same source/account and currency scope. Compare the original rows and receipts: separate purchases, a repeated import or a parsing artifact can also explain this match.

ITEM 3 / RECURRING PATTERN

## STREAMBOX SYNTHETIC

**Your decision:** Not reviewed

Currency: CNY / Account: SYNTHETIC-CN / Source: synthetic-recurring-three-months

**WHY IT APPEARED**

3 charges form a monthly pattern from 2026-01-03 to 2026-03-03, with 31, 28 days between distinct charge dates. Similar timing and amounts suggest a recurring pattern; confirm the service and terms.

### FOR YOUR NEXT REVIEW

Check the original statement and receipts, then record a decision and a date to follow up. Reviewed does not mean cancelled.

Matching rules 2026-09-08. Recurring patterns need at least three charge dates with similar amounts and weekly, monthly, quarterly or annual gaps. Same-day matches use normalized merchant, date and amount. Missing account or currency details keep source files separate. Credits and invalid dates/amounts are excluded. A parsed row can be incomplete or incorrect.
